NEIGHBORHOOD MAP

These two maps and the "Neighborhood key" table show the general boundaries of sub-markets and neighborhoods we use for our reports.

Due to the level of sales volume, we combine King-South and King-Southeast into one sub-market, "South King" and we combine King-Central and King-North into "Seattle."

More detailed neighborhood boundary maps can be found on the "Help" page on our web site at www.dsaa.com.
